be fully successful in this game of my life. The second step was to think. And

think differently about the world, to think differently about my body, about my mind

to think differently about my relationships with people. The third step was to use my

Blackjack is one of the most popular casino games.

You must understand that blackjack is a game of known quantities.

Now, we can assume his hand is 14, 15, or 16, and he will be forced to take ano

ther card, which will very possibly send him bust.

Why risk taking a card and going bust, when it \$\#39\$;s a fair assumption that \$\#39\$

;s what the dealer will do?

Beginners might be tempted to always split tens since it is possible they could

make a blackjack or at least have two high finishing hands.

Refer to your blackjack chart for details.
