2 trillion (A\$6 trillion) is laundered globally each year 2-5% of global GDP.

Federal agencies estimate tens of billions of dollars are laundered through Australia's property market each year.

In 2018, an estimated A\$25 billion flowed through Australia's gambling industry one of the highest amounts per capita in the world.

Laundering money in a casino is surprisingly simple.

With more than \$85 billion pouring into the state's 95,000 machines dispersed across 4,000 venues each year, policing them is next to impossible. What can be

done?

Until things change, the implicit message will remain that if you want to launder

your dodgy money, head to your most convenient gambling venue.
