Surveys have been a popular way to earn money on apps and online for many years.

And I've personally tested dozens of them since my time in college and whil

e researching the world of making money online.

But is Surveys On The Go legit? And how much money can you actually make with th is site?

Once you sign up, you have to answer a few demographic questions to help qualify

you for surveys. These questions can include your gender, income, status of emp

loyment and more.

The main way to make money with Surveys On The Go is to answer surveys. Generall y, these are short surveys that cover topics like:

Yes. Surveys On The Go does actually pay. Their \$10 payout threshold is lower th

an sites like InboxDollars but is higher than some leading survey sites. But you

can cash out with free PayPal money, which is a perk.
