You can use an offshore betting website, which will usually let you enter your credit card information to place bets and, if you win, mail you a check to cash out.

None of these methods are easy, though.

The silver lining for proponents of sports wagering is that the enacting legislation to create a legal framework for betting, should the constitution be amended to allow it, also passed the House yesterday, which means the law could go into effect quickly if the constitutional amendment survives the next steps. The outcome of yesterday's vote came as something of a surprise; the powerful House Freedom Caucus had signaled its opposition earlier in the session, issuing a tweet that declared sports betting "corporate welfare at its worst" and a giveaway to "woke" sports leagues.

It is a major part of the Adelsons' business is a bold and innovative stretch on just about every previous definition of "woke."

Julie Johnson, a Democrat from Dallas, attempted to raise a point that invoked the anti-trans bills, which have been framed as "protecting women's sports," to argue that if lawmakers really wanted to support women's sports, they'd approve the bill, which could bring more attention to the WNBA. The next stop for HJR 102 is the Texas Senate, where its death by neglect seems likely.

That said, strange things happen in Texas politics-after all, HJR 102 seemed likely to fail in the House until it passed today-so while the near-term legalization of online sports betting in Texas remains a long shot, a truly degenerate gambler still might decide to put some money on the underdog.
